Hello, Kollie!

How are you? What about your family?

I hope they are as close mine.

In your letter you asked me about healthy and productive lifestyle, and now I'd like to tell you several advice, because this topic costs an arm and a leg for me.

As you know, I have been dancing for about 8 years. This hobby keeps me fit and full of energy. So, my first advice for everyone is to do some exercises for instance, you can go to the gym or do yoga.

Second tip is having a balanced diet. It means that you need to have right quantity of calories.

Remember, that your body - is your castle and you should protect and value it. And please, stop eating junk food and drinking fizzy drinks, such as coca-cola, fanta and etc.

And the last but not the least tip is having 8-hours sleep each night. Because when we sleep we get an enormous amount of energy, which costs a fortune! To make long story short, if you want to live a full of memories, emotions life you should take the responsibility of your body and mind.

Also for this I have a great quote from one great inventor, who said: "The best stock

market you can invest in - is you!  
 It means that everyone should  
 put themselves on the first  
 place in order to live happily.  
 are free! what do you think  
 about these tips? what can you  
 add?  
 Best wishes,  
 Darina.
