D) Hi, Hollie

I try to stay healthy, to be beautiful and strong in my old age. For example: I eat a healthy food like fruits, vegetable, some Desserts without sugar.

To stay fit you also need to do sport regularly. In summer, I run every morning to be energetic all day. But in winter, It's very cold outside. So I prefer to stay at home and do some exercise from internet or go to gym and training there.

Sleep is very important part in healthy life. For adults sleeping continuing 8 hours.

But for teenagers 8 hours. From 10 p.m. to 1 a.m. our organism is creating melatonin.

If you sleep after 2 a.m. your day will be very aggressive, tired.

In conclusion, I want to say that ^{strong} health is very important, so you need to carry after it. You should to do sport, eat healthy food, and sleep good.
