Hello my darling friend! I haven't heard you for ages. How do you do? I want to accept your offer of going shopping. If you want to buy some clothes, come with me, because I am an expert in fashion and in choosing clothes. I know one of the most popular, fashionable and interesting shop which offers only the best clothes in our city. Have you ever heard about UnderAmor shop? This is new & brand new shop in which you can change your look. First of all you need to choose your style. As for me I prefer casual and extraordinary styles. I wear colorful and cotton clothes and everyone asks me how to be fashionable. Well, let's go shopping on Sunday, because I have some matters at school. ~~Pat can you find some time on Sunday to come go shopping? Let's discuss the time in which both of us can meet each other. I'll meet you at three PM near my house. Last time I went shopping with my friend called Temirlan we found a treasure among clothes. It was a big dark red of French hoodie and which he bought at the moment. But even though he was fashionable, nobody talked to him as usual because clothes don't make people cool. As many people say "Don't judge book by it's cover". This proverb explain us that clothes can't change your people's imagination about you. Not so long time ago, I made a survey in which I asked my classmates about fashion. Half of them answered that fashion can makes people cooler than others. But another part said that it doesn't matter what you are wearing and we should judge people by actions and for their soul. In conclusion I want to say that appearance and clothes don't have influence on person's status in our world. Best wishes~~
