Hello Moeie!

Yes I've heard about your country's issues with health. Do these people ~~exercise~~ regularly exercise? ~~And~~ Do they perhaps have ~~any~~ hobbies? To stay fit and healthy, you need to do sports, exercise everyday. In the morning have a ~~fit~~ healthy diet and have a strict sleep schedule.

Why? Let me explain.

~~Sports~~ Doing sports is very important, as it puts you in constant pressure and movement. It puts pressure on your muscles and on your heart to improve cardio-health. ~~Exercises~~ In the morning exercise warms up your body. It's also a great way to wake up.

Having a healthy diet is very important! Eating healthy foods, such as vegetables, fruits and meats, is the key to a happy and ~~to~~ healthy life. ~~I~~ person.

Having a sleep schedule will help you wake up faster. It also improves your concentration and ~~brain~~ brain functionality. I personally wake up at 6 a.m.

I hope this answers all your questions. Stay healthy!

Sincerely

Dias
