Hello, Dan!

Glad to hear you. I hope everything is fine with you and you're happy with your new family house!

I'm in love with the house which I live in. This house was built by my dad and I was included in their process too. I'd been creating the prototype of our home on computer program with my mom, the master of engineers, so I didn't cause any trouble. It has small problems of course, but in general it's the most beautiful house. Even my uncle who can't identify all said ~~that~~ that it's very well made home.

So, yes I like it, and when I grow up I want to build my own house like that one. I'll send you the pictures of our home with that letter.

Write back as soon as possible

With love, ♥

Ratmir.
