I had a very funny day on my winter holiday. It was a New Year Eve when my friends and me went to the shopping centre. We were walking without any money. We watched different clothes and things and one of my friend didn't see a cup that stood back to her and she broke it. As I said, nobody had money this day, but we should have been paying for broken cup, that's why my friend called to her father. He promised to arrive so we started waiting. When her father arrived at the shop, he couldn't find us because it was big shopping centre. We left the shop and met him, he payed for cup and the consultant said, that she will not allow us to visit there shop again.
