I live in the house too, it's not that big but we have a pretty big garden. It has four rooms and a big kitchen. There are a lot of windows in our house and because of that it's very bright in here.

I think it looks very similar to my dream house. I just want it to look more in cottage style, with a lot of plants and more natural colors, you know. And instead of vegetables I'd like to plant beautiful flowers in our garden. In my opinion, our house is too big, I'd like it to be a little smaller. I think small houses are more comfortable and cozy.

Most important thing is that I want it to be on a countryside or somewhere in mountains. I don't really like to live in a noisy city.
