### Writing

At She locked the door and went to her car. She got herself an invitation to her friend's party. As she was close to her friend's house, she parked the car and left it closed. As soon as she opened the door, the party was just getting started. Everyone enjoyed this party.

As the party continued, she recived a phone call. It was her classmate friend. The classmate said that she forgot to pick him up to the party. She said, "Oh, sorry. Let me pick you up. Where are you?" "At my house" he said. She told him to wait there before she picks him up.

She left the party for a moment to pick up her friend. She came to his house, but something was off. She entered his house, the lights were out, and there was nothing but silence.

As she proceeded moving through the dark corridors, she noticed a dark figure behind her and it scared her. But actually it was his classmate friend. He said it was a payback for what she has done to him at school. After that they both were gone to the party and suddenly as they were far away from that house, the door was closed all by itself.
