A) Halloween party
 She locked the door and went to her car. We should have zoomed in on her unacceptable practice. Furthermore, as you make your bed so you must lie on it.
 Halloween is a perfect opportunity to have fun. We decided to make a party with different teenagers wearing hoax costumes like mutant cats, witches and other remarkable creatures. But my friend said that she did not feel any spirit of Halloween. She exclaimed, "If we don't have any horrible situations, I will create them." Moreover, she didn't tell me anything. So, she turned the light off so that we could see a strange spot through the window. And when we were looking at the handmade ghost, we felt something terrible on our shoulders. It was wet. Honesty is the best policy, so now I can say that I think it is my worst Halloween party. But let us return to the story... Everybody felt shock and suddenly the light turn on and we understood that we had been completely taken in by my friend. She laughed and said us not to trust untrustworthy information like ghosts and wet material. Kindness was not our cup of tea, so we asked my friend to leave the party. She locked the door and went to her car. She was considered to be a good person, but actions speak louder than words. It took lots of time to open the door then.
 In conclusion, I hope that you have read my story to the end. My past with fantasy are thought to take the first place in story competition! Thank you for attention!
