The last party

She locked the door and went to her car. Suddenly, a ~~b~~ strange shadow appeared. It was a black van moving towards her car. She didn't notice that and came to her car's door. Unexpectedly, the van's door opened and stranger's figure caught her arm, putting inside the van. She even didn't manage to scream because her mouth was closed with his hand.

It was dark inside ~~so~~ so she couldn't see anything. She was in panic, trying to ~~come~~ ^{come} up with any idea, when she heard some voices nearby. "He isn't alone" - the thought appeared in her head. "It is no way I can do something" - her eyes were full of tears.

Later, the van stopped ^{moving}. The stranger took something like a bag and put on her head. The stranger lift her up and carried to somewhere. She was terrified and begging.

They stopped, the stranger put a hand in her pocket and ~~she~~ took something. After that she heard the noise of lock. She was put down and the stranger took off the bag. She started blinking and recognise her friends who were shouting: "Happy birthday! Surprise!" and holding presents. She started to cry again, but because of happiness.
